

## 2013-2014 Dance Card

YOU spoke and I listened. . .

This Dance Card was created after receiving comments from Valley cloggers about the inconvenience of having to carry, or obtain cash for every clogging class. The Dance Card gives you the opportunity to purchase multiple lessons at a **REDUCED RATE!**

The pre-paid Dance Card entitles the bearer to be admitted to 10 Anne Mills clogging lessons at the special rate of \$7.00. Remember you may attend multiple sessions; Easy, Intermediate and Advanced levels, which brings your cost to less than \$3.50 per session.

This card does NOT have an expiration and is non refundable.

Overall lesson rates have increased to \$10 due to my rising costs...however, by providing you with a Dance Card which can be purchased at any class, is my way of thanking those cloggers who support me.

### **CLOGGING with Anne Mills**

This pre-paid dance card entitles the bearer to be admitted to 10 clogging classes with Anne Mills at the special rate of \$7.00 per person for

Multiple sessions; Easy thru Advanced

This card DOES NOT have an expiration date and is not refundable. Note: Dance cards cannot be used for special dances

## **WELCOME CLOGGERS 2013-2014 CLOGGING SEASON**

### **Session Definitions:**

**Int 1:** Session designed for people who have clogged for less than a year. Cloggers who have completed a beginners class and have knowledge of the basics. Routine Level is Beginner Plus

**Int 2:** Session designed for people who have clogged for a year plus and can combine steps comfortably at an easy intermediate level.

**Int 3:** Session designed for people who have clogged for several years or who can dance at an Intermediate level. Pace is faster and steps are more advanced.

**GOLDEN OLDIES CLASS:** Session is designed for Int 2 & Int 3 cloggers. So many of our GREAT clogging routines have gone by the wayside. We are going to bring them back & have "FUN"

**(NEW) ADVANCED 101:** Session is designed for cloggers who want to learn buck and flatfootin. You will also learn how to "play" with replacement steps
